PRINCIPAL
OBJECTIVE

DEVELOPMENT

To introduce, promote, encourage, facilitate, and assist all any form of private sector participation and other non-government finance and other resources in the development and improvement of infrastructure in Bangladesh.

PROJECT

To assist and advise ministries, government departments, agencies, and other public sector bodies in Bangladesh with the identification, prioritisation, preparation, evaluation, awareness, and implementation of infrastructure projects.

RESEARCH

To research, collect, publish, and provide technical, regulatory, financial, statistical, demographic, geographic, political, economic, procurement, and other relevant information and policy.

SUPPORT

To develop, organise, and provide the public sector with training, technical advice, and support, as well as written and other media-stored materials, to enable the public sector to involve the private sector in infrastructure projects.

ANALYSIS

To investigate, research, advise, and advocate for the public sector regarding the need for amendment. Introduce or adapt any laws, policies, orders, and directives through primary legislation, ministerial enactment, or otherwise.
