*Your Digital Journey Starts Here.*

[www.atctechltd.com](http://www.atctechltd.com)

**COMPANY PROFILE**

## Background

**ATC Tech Limited**, a technology firm, has been committed to offering creative and environmentally friendly solutions for more than 10 years. Our talented engineering team is committed to producing high-quality goods that satisfy your demands while having the least negative effects on the environment. We are dedicated to going above and beyond your expectations and building enduring relationships.

## Pioneering in Artificial Intelligence (AI)

At ATC Tech, we believe that Artificial Intelligence (AI) is the cornerstone of the future. Our team of expert developers and data scientists are committed to harnessing the power of AI to create intelligent solutions that drive efficiency, innovation, and competitive advantage for our clients. From predictive analytics and machine learning algorithms to advanced natural language processing and automation, our AI initiatives are designed to transform industries and unlock new possibilities.

## Securing the Future with Cyber Security

In an era where digital threats are constantly evolving, ATC Tech is at the cutting edge of cyber security. We specialize in developing comprehensive security solutions that safeguard our clients' digital assets and ensure the integrity of their data. Our cyber security services encompass everything from threat detection and prevention to robust response strategies and risk management frameworks. By prioritizing security, we empower businesses to operate confidently in a digitally interconnected world.

## Innovative Software Solutions

Beyond AI and cyber security, ATC Tech excels in delivering a wide array of innovative software solutions tailored to meet the unique needs of our clients. Our portfolio includes large-scale enterprise systems, custom application development, and seamless integration services. We leverage the latest technologies and industry best practices to deliver solutions that are not only effective but also scalable and sustainable.

## Commitment to Excellence

Our journey is fueled by a commitment to excellence and a relentless pursuit of innovation. We pride ourselves on our ability to stay ahead of technological trends and continuously improve our offerings. Our team of skilled professionals brings a wealth of experience and a deep understanding of the IT landscape, ensuring that we deliver solutions that are both cutting-edge and practical.

## Client-Centric Approach

At ATC Tech, our clients are at the heart of everything we do. We take a collaborative approach to understand their challenges, goals, and vision. This allows us to tailor our solutions to meet their specific needs and exceed their expectations. Our client-centric philosophy is reflected in our long-standing partnerships and the success stories of the businesses we serve.

## *About the company*

## INTRODUCTION

**ATC Tech Limited**, is one of the few IT system integration, professional service and software development companies in Bangladesh that works with Enterprise systems and companies. As a privately owned company, ATC Tech Ltd provides IT Consultancy, software design and development as well as professional services and hardware deployment and maintenance to the following verticals

- ✓ Financial Services
- ✓ Energy and Utilities
- ✓ Health Care
- ✓ Education

The company that aims high at being focused on IT purpose with our clients, community and country. It also focuses on IT Support, Software Development, Software Testing, Project Management, Website and Quality Assurance etc. The company runs under the dynamic leadership of an enterprising key software developer engaged in the development of software for the new era of design concept and different way of media expression the country since 2016.

## STATE-OF-THE-ART TRAINING FACILITIES

**ATC Tech Limited** is proud to announce the establishment of a state-of-the-art training facility at our office in Rajshahi Hi Tech Park, focusing on Software Development and Programming, Cybersecurity, and Artificial Intelligence (AI). This center is designed to provide cutting-edge education and practical skills to aspiring tech professionals. Equipped with modern training tools and resources, our facility aims to bridge the gap between academic knowledge and industry demands, ensuring participants are well-prepared to meet the challenges of the tech world.

Our training center boasts a capacity of 50 seats, offering an intimate and focused learning environment where participants can engage deeply with the material and instructors. Each session is crafted to deliver comprehensive knowledge and hands-on experience, utilizing the latest technologies and methodologies. The center is designed to foster an interactive and collaborative atmosphere, encouraging students to work together on projects and real-world scenarios, enhancing their learning experience.

To deliver the highest quality training, ATC Tech Limited has assembled a team of both local and international experts in the fields of Software Development, Cybersecurity, and AI. These trainers bring a wealth of experience and diverse perspectives, providing participants with insights into global best practices and emerging trends. Their expertise ensures that our training programs are not only current and relevant but also innovative and forward-thinking, equipping our trainees with the skills needed to excel in a rapidly evolving technological landscape.

## CALL CENTER AND BPO

**ATC Tech Limited** is poised to expand its horizons by venturing into Call Center Services and Business Process Outsourcing (BPO). This strategic move is aimed at leveraging our technological expertise and robust infrastructure to offer high-quality customer service and operational support. By establishing a dedicated call center, we aim to provide seamless and efficient communication solutions that cater to the diverse needs of our clients, ensuring customer satisfaction and operational excellence.

Our Call Center Services will be equipped with the latest technology and staffed by trained professionals adept at handling a wide range of customer interactions. From technical support and customer service inquiries to telemarketing and order processing, our call center will offer comprehensive solutions designed to enhance customer engagement and streamline business operations. The integration of advanced AI tools and analytics will enable us to deliver personalized and responsive services, setting a new standard in customer support.

In addition to Call Center Services, ATC Tech Limited's foray into Business Process Outsourcing (BPO) will provide businesses with scalable, cost-effective solutions to manage their non-core functions. By outsourcing processes such as data entry, payroll management, and customer service operations to us, companies can focus on their core competencies while benefiting from increased efficiency and reduced operational costs. Our BPO services will be tailored to meet the unique requirements of each client, ensuring high-quality performance and continuous improvement. This expansion into BPO underscores our commitment to innovation and excellence, positioning ATC Tech Limited as a trusted partner in the global business landscape.

## ABOUT COMPANY

**ATC Tech Limited**, started its journey in early 2014. Our creative ideas and plans drive this company. This is where we really begin to visualize your napkin sketches and make them into beautiful pixels. The Company started its journey in the world of Information Technology with a small group of software developers with skilled technical resources. All the founders of this company have more than 5 years of experience in developing, managing, testing a number of software in different platforms, different architecture etc.

**ATC Tech Limited** continues to operate with higher client expectancy and flexible solution offers. The Company is a pioneer in Interactive Virtual Teams (IVT) which enables the client and the service provider to establish and successful communication channels and support to various clients and near-shoring business models, thus keeping the deadlines on time and on track.

ATC Tech Ltd differentiation point comes with three simple principles:

- ☞ True collaboration with customers and partners
- ☞ Complete understanding of customers business
- ☞ Persistence in finishing the job whatever it takes.

## ABOUT COMPANY

The Company also have special expertise in custom software development-providing specialized products, IT services and custom end to end solutions to our enterprise customers. The Company gain competitive advantage from these distinctive capabilities and have development the ability to implement and manage complex IT systems in changing times with greater effectiveness than many competitors.

Additionally, **ATC Tech Limited** is experienced in delivery, installation and support of large computer systems and networks and maintains a local spare part consignment store, providing back-up for customer systems to minimize the effects of possible faults. Service support is provided by **ATC Tech Limited** based in Bangladesh. Its qualified staff is performing full servicing and repair of the equipment all over Bangladesh. Beside the normal working standard equipment, ATC Tech Ltd has equipment for testing, installation and technical validation of end user solutions.

Furthermore, the company offer reasonable Service Level Agreements (SLA) covering most of the additional maintenance service. With our 24/7/365 days per year support. The Company is making troubleshooting as easy as possible.

## ABOUT COMPANY

ATC Tech Ltd. is a company which intends to be in front of the client's needs, deeply understanding clients' business and delivering and optimizing IT solutions from the initial phase of scoping the requirements, up to the final delivery, maintenance and continuous upgrade. Infinite always look at the things from the customer perspective, but also from customer's customer perspective to grasp their real business need for the IT solutions they deliver.

Our team operates with enthusiasm and flexibility. We are focused on our customers, being their reliable partner for IT services and solutions, working together on a partnership basis, helping them face the challenges of the modern times.

## MISSION STATEMENT

To provide state of art IT solutions with effective support services to business houses of home and abroad in this fast-changing world of economy.

ATC Tech Ltd mission includes:

1. Improving communication and data exchange (Business to Business).
