

Lowkia is a versatile company providing BPO, call center, and IT services, focused on delivering efficient solutions and excellent customer satisfaction.

Lowkia Limited Company Here, around 55 staff can work together, currently 15 staff are working in call center and we have graphic designer, digital marketing specialist, operations manager. On the other hand, we have some of expert employees in the US.

We made an environment for our warrior so that they can work in peace mind also we ensured the standardisation in our office. Ensuring standard service is our main priority.

Our mission is to empower businesses worldwide through exceptional outsourcing solutions, bridging the gap between efficiency and innovation. Inspired by our name— Lowering Operational Waste, Keeping Innovation Alive — we are dedicated to enhancing productivity and driving progress.

With our headquarters in the USA and a dedicated operations center in Bangladesh, we combine the best of both worlds—Western business acumen and Eastern technical expertise. We strive to provide tailored services that meet the unique needs of our clients, ensuring high-quality, cost-effective solutions that drive growth and success.
