INTRODUCTION

Image Vocational Training Institute is a sister concern of Image Group of Education which always believe in quality rather than quantity. Image is a professional entity offering Engineering Consultancy, Planning, Education and training with offers internships to the student in their respective field.

Image Vocational Training Institute has established on 2014 having approval from Bangladesh Technical Education Board (BTEB) with different trades. The intention of the institute is to offer our students a better and smarter education and training on multi disciplinary field like construction, light & heavy engineering and Information & Communication Technology (ICT) etc.

Image Vocational Training Institute has accredited from the Bangladesh Technical Education Board (BTEB) and the National Skills Development Authority (NSDA) . The main focus of the institute is to provide training consist of short & long courses to the objective of skills development for the privileged and unskilled human resources from the lagging area.

Our Vision

Create smart, knowledgeable for the under privileged and unskilled human resources of lagging areas.

Our Mission

To provide quality technical education according to the market demand by operating different courses.

Our Objectives

- To identify the training courses on demand.
- To provide service on training needs assessments (TNA).
- To design and implement training courses.
- To provide technical support and educational aids.

APPROCH:

- Professionalism
- Discipline
- Concentration
- Patience
- Supreme Connection
- Overcoming Eggo.
- Team work vs individuality.

COMPETENCY

Image Vocational Training Institute is an accredited Bangladesh Technical Education Board (BTEB). It was established in 2014. The main focus of the institute is training for short course, skills development for the privileged and unskilled human resources of lagging area.

In recent years the demand for training in the areas of construction project and education management have led Image Group to expand our services from development consultancy to the field of education and training. The programs have proved to be addressing a critical need and are extremely popular.
