# Our History

In the dynamic metropolis of Progressia, Winbridge Tech established in 2019. Originating from a modest room with a team of four, they harbored ambitious dreams and toiled relentlessly to birth innovative solutions. Their unwavering commitment bore fruit as Winbridge Tech swiftly ascended to become the tech industry's fastest-growing company.

The triumph attracted top-tier talent, transforming the headquarters into a bustling hub with over 70 skilled professionals, each contributing to the company's remarkable trajectory. Winbridge Tech has emerged as a key player in the BPO sector, consistently delivering unparalleled services and solutions to a diverse clientele locally and internationally. Our dedication to excellence and inventive practices has solidified our standing as a well-established and respected firm in the industry. Over the past five years, Winbridge Tech Limited has witnessed extraordinary growth, achieving unprecedented success in the ICT sector. Through our dedicated team, cutting-edge solutions, and strategic vision, we proudly announce a remarkable revenue of 12 million US dollars.

Unsatisfied with a solitary success, Winbridge Tech expanded its horizons, giving rise to sister companies: WB Sourcing, the Buying House division, and WB Engineering, specializing in cutting-edge construction.

In a matter of years, Winbridge Tech has become a beacon of inspiration, affirming that with passion, perseverance, and vision, even a humble room can nurture greatness and reshape the world.

# ABOUT COMPANY

Business & technology experts, from some of the best universities in the country, bring invaluable insights and expertise into their areas of expertise. Industry veterans, who laid the foundation of the offshore services business, form the backbone of our leadership team. In a business model where people are the growth drivers, we are endowed with one of the most enviable pools of talent from across the country. With a presence in 5 countries, we have presence in regions such as America, Asia, Europe & the Middle East. While our strong sales & marketing presence across the globe gives us the ability to strengthen existing relationships, build new ones & enter new markets. On the other hand, our alliance partners give us an extended reach into markets where we do not have a direct presence.

Winbridge Tech is an information technology enabled service company. We provide vendor and client support to the USA, UK, Canada, Australia through information technology, enabling them to grow effectively through international labor.

Winbridge Tech is the leading information technology consulting, services, and business process outsourcing organization that envisioned and instigated the adoption of the flexible business practices that today enable our client companies to operate more efficiently and produce more value. Winbridge Tech Software Solution's strength lies in perceiving the client's business processes, culture, vision and goals across the industry segments and offering client oriented solutions, which are highly reliable. We commenced operations in 2019, to provide consulting and ITES services to clients - globally as partners to conceptualize and realize technology driven business transformation initiatives. With a rare mix of domain, technology & project management experts, we bring the most complete team to bear on every project we take on.

- **About 10,53,935 USD generated. The company is forecasted to grow exponentially in the upcoming decade.**
- **70+ dedicated personnel. The team structure is symbiotic, enabling for maximum cross functional communication.**
- **We have 2 fully furnished floors of 6000 sqft. To accommodate not only for employee productivity, but satisfaction as well.**

# Our Vision

At Winbridge Tech Ltd, our vision is to be the undisputed market leader on a global scale, pioneering a new era of business by creating unparalleled ease and accessibility. We envision a world where geographic boundaries are no longer barriers, where businesses of all sizes can seamlessly connect, collaborate, and thrive.

# Our Mission

We strive to democratize global business management through skilled talent, making it a right, not a privilege, for enterprises worldwide, transforming the business landscape for success.

# Our Commitment

Our approach focuses on new ways of business, thereby combining IT innovations and adoption while leveraging an organization's current assets. Our team is committed to provide IT Services with:

- Quality
- Technology, Innovation, Support

## Quality

Our main emphasis is to deliver the best quality in every project we undertake. With our time tested business methodology, and structured solution building approach, we ensure to maintain our global business standards.

## Technology, Innovation & Support

Technology leadership is the most successful strategy to challenge competitors and consolidate our position since business and technology work hand in hand. Our firm's belief in this synthesis has motivated and enabled us to deliver solutions with a decisive competitive advantage. Winbridge Tech, today, is a new generation framework of technology innovators to accelerate growth. In each project, we emphasize innovation. Our structured team works with a methodology and knowledge to innovate and deliver excellent services. We are committed to provide development and tech-support teams to software and high-tech companies with the required infrastructure at a competitive rate. We provide a wide range of profiles including project managers, project leads and team leads. On the support side, we provide Team leads, Senior, and Junior Technical support personnel on a 24 x 7 basis.

## Our aim is to be the best at what we do.

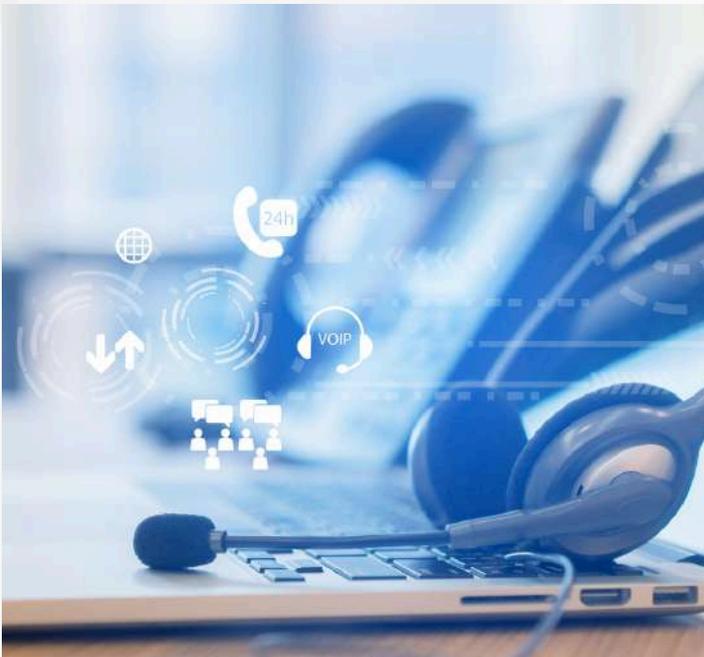

Winbridge Tech has a dream of evolving into a Global IT Company, ensuring that the solutions being delivered include best practice in I. T. with the chosen area of technology.

- We operate with complete focus to Maximize customer satisfaction.
- Develop and encourage an environment of mutual respect within the company and extend it beyond to clients.
- Encourage commitment and personal learning of the workforce.
- We are proud to have built our organization on the strong pillars of integrity, honesty, and self-respect.

# What We Do

We have highly experienced Professionals dedicated to providing vendor support to USA client under one roof. We Routinely Access Global Skilled Resources and Leading-Edge Technology that is essential in creating a strong foundation of success for large-scale projects.

”

**Winbridge delivering  
Comprehensive  
Vendor Support Under  
One Roof.**

Winbridge builds on over five years of experience in property preservation field. We feel proud to represent Bangladesh at the forefront of BPO and Information Technology. The National Preservation Companies take in the responsibility of looking after these foreclosed properties. Their large network of vendors allow them to delegate work systematically as well as get property information. We are a group of regional preservation companies with registered workplaces in the United States. Our field operations are conducted in the US but our client & vendor management, along with work order processing is done in Dhaka.

# Business Process Outsourcing

## BPO

Business Process Outsourcing (BPO) Discover unparalleled business efficiency with Winbridge Tech, your premier outsourcing partner in Bangladesh. Specializing in Business Process Outsourcing (BPO), we redefine operational excellence by seamlessly contracting specific business processes to our world-class third-party service providers.

At Winbridge Tech, we elevate outsourcing to an art form through our Dynamic Solution Mechanism. As pioneers in the BPO landscape, we distinguish ourselves through a commitment to excellence and a client roster that boasts some of the globe's most esteemed firms and companies.

Whether it's optimizing back-office functions or enhancing front-office operations, Winbridge Tech is your strategic ally for unlocking unparalleled productivity and success. BPO isn't just a service for us; it's our core business focus, and we bring unmatched expertise and innovation to every partnership.

Join hands with Winbridge Tech, where outsourcing meets brilliance, and experience a transformative journey towards business success.

# WHAT WE DO CONTINUED.....

Winbridge Tech Ltd.'s BPO division has been a strategic and invaluable partner since inception, adeptly addressing staff loss stemming from an in-house restructuring.

They are fast learners and capably handle a muscular workload. Our business process outsourcing firm primarily provides property preservation data entry services to Preservation Companies. On the other hand, we offer services like Vendor Management. We aim to reduce or eliminate the cost you incur in hiring and training in-house processors and setting up an office for them. Our specialization guarantees you to lower your expenses while keeping outstanding quality with it.

## 01. Work Order Processing:

We are one of the top-rated firms for work order processing services. Our dedicated team specializes in efficiently handling work orders, ensuring prompt and accurate processing for our clients. With our expertise and streamlined workflows, we guarantee seamless execution of work orders, enabling businesses to focus on core operations and achieve greater productivity.

## 02. Vendor Management:

Hire a Virtual Assistant who helps you with office work, including handling calls, emails, etc. Vendor management involves establishing and maintaining effective relationships with external suppliers, ensuring seamless communication, and optimizing procurement processes to meet business objectives efficiently. Winbridge implements robust vendor management practices, so that we can enhance operational efficiency, reduce costs, and drive overall business success.

# OUR GROWTH AND STRATEGIC EXPANSION...

Winbridge Tech Ltd. sees teamwork on every project as the key success ingredient and is responsible for creating this environment. The overall project manager is duty-bound in ensuring effective communication to all stakeholders and at all levels. Teams are built by combining the strengths of the individual members and refining skills to meet and exceed the Client's expectations.

We also believe in a hands-on approach on all our projects. This is why a Director of the firm will always be in control of the key functions on a project. We are equipped with the latest technology and have the necessary staff and resources to ensure the best professional service is provided at all times.

## RESOURCES & WORKFORCE

Winbridge tech ltd recruits nicely knowledgeable, bendy and formidable folks that thrive on alternate and task, are modern, self-confident and take delivery of responsibility through taking initiative and adapting to a stimulating worldwide running surroundings.
