

## Company Profile / Service Overview Grameen Healthtech Limited

### Incorporation and Legal Standing:

Grameen Healthtech Limited (“GHL”) is a duly incorporated entity under the laws of the People’s Republic of Bangladesh. The Company was registered with the Registrar of Joint Stock Companies and Firms (RJSC) on 21 May 2025, bearing Registration No. C-202357/2025, as a subsidiary of Grameen Telecom Trust.

GHL has been established with the primary objective of transforming access to healthcare services in Bangladesh and beyond through the application of advanced digital innovations. It is committed to providing affordable, high-quality, and comprehensive healthcare solutions to a broad spectrum of the population, including underserved and geographically remote communities.

### Our Services:

Through its flagship platform “Shukhee”, GHL delivers a wide range of integrated e-health services designed to ensure accessibility, affordability, and reliability. These services include, inter alia:

- **Instant Doctor Consultations**  
On-demand consultations with licensed MBBS doctors via in-app video call for immediate medical advice and primary healthcare support.
- **Specialist Doctor Consultations**  
Scheduled video consultations with specialist physicians across multiple disciplines for expert medical guidance.
- **Home Laboratory Services**  
Convenient diagnostic test booking with home sample collection and delivery of reports in both digital and physical formats.
- **Pharmaceutical and Health Product Delivery**  
Online purchase and nationwide doorstep delivery of medicines, wellness items, and other healthcare-related products.
- **Caregiver Services**  
Provision of trained caregivers, including nurses, physiotherapists, and nannies, for home-based medical and personal care.
- **Surgical Booking Services**

Access to, comparison of, and booking of affordable surgical packages in collaboration with reputed hospitals across Bangladesh.

- **Foreign Treatment Coordination**  
Advisory and coordination support for patients seeking advanced medical treatment in foreign jurisdictions.
- **Ambulance Service Assistance**  
Facilitation of emergency ambulance services through GHL's partnered providers to ensure prompt medical response.
- **Blood Bank Service Assistance**  
Immediate access to blood donation requests and blood bank information for emergency needs through the Shukhee platform.
