# Develop

# DOMINATE

## About Us

Primacy Academy is a leading IT training center in Bangladesh, dedicated to developing future-ready professionals. We provide hands-on training in Web, Software, Mobile, AI, Cybersecurity, and more, along with government-supported free IT courses. Our mission is to turn knowledge into opportunity.

## Our Success Story

Over the years, Primacy Academy has transformed thousands of learners into IT professionals. Many of our graduates now work in top global companies, freelancing platforms, and run their own startups. Our success lies in the success of our students.

# Professional Courses We Offer
