NAVIGATING REGULATORY COMPLEXITY IN BANGLADESH

PERSPECTIVE

Bangladesh's corporate and financial landscape is undergoing accelerated modernization. With stricter enforcement by the **National Board of Revenue (NBR)**, mandatory electronic VAT monitoring under the **VAT Act 2012**, increased statutory disclosure mandates from the **Financial Reporting Council (FRC)**, and modernized online **RJSC** compliance workflows, businesses can no longer treat compliance as a routine year-end exercise.

APSL provides the proactive governance framework necessary to protect shareholder equity, optimize tax exposure legally, and instill investor confidence among foreign and domestic stakeholders.

THE APSL 4-STAGE ENGAGEMENT METHODOLOGY

PROCESS DISCIPLINE

STAGE 01
Diagnostic Review
Comprehensive analysis of current books, tax exposures, and RJSC compliance status.

STAGE 02
Strategic Architecture
Designing tailored tax planning, chart of accounts, and internal control structures.

STAGE 03
System Execution
Hands-on filing, audit execution, ledger reconciliation, and software onboarding.

STAGE 04
Continuous Governance
Ongoing quarterly monitoring, MIS dashboards, and proactive regulatory updates.
